Reformation Day

Over 500 years ago on October 31st, a man named Martin Luther, a little-known monk, posted his 95 Theses on the Wittenberg Church door, and sparked a flame that would reverberate across world history. Luther's simple discovery, that we are saved by Jesus because of His righteousness and not our own, ended up not only changing the structure of the church going forward, but also had an incredible impact on the world for generations to come.

Because of his God-given convictions, we now have Bibles for ourselves!
